DETAILED ACTION

Response to Amendment

1. The amendment filed on March 1, 2006 has been entered and made of record. Claims 10-13 are currently pending.

Allowable Subject Matter

2. Claims 10-13 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 10-13 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches an image reading duplex apparatus with first and second abutting means provided in first and second reading means and arranged to come into contact with each other outside an original transportation region; including first and second white reference means positioned opposite to said respective reading means so that the original is urged toward an image reading surface of the first and second reading means having white color as a color reference of the first and second reading means, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
